Non-standard poker hands are hands which are not recognized by official poker rules but are made by house rules. Non-standard hands usually appear in games using wild cards or bugs. Other terms for nonstandard hands are special hands or freak hands.[1] Because the hands are defined by house rules, the composition and ranking of these hands is subject to variation. Any player participating in a game with non-standard hands should be sure to determine the exact rules of the game before play begins.[2]

Types [edit]

The usual hierarchy of poker hands from highest to lowest runs as follows (standard poker hands are in italics):[3]

Royal Flush : The highest straight flush, A-K-Q-J-10 suited.

: The highest straight flush, A-K-Q-J-10 suited. Skeet flush : The same cards as a skeet (see below) but all in the same suit. [4]

: The same cards as a skeet (see below) but all in the same suit. Straight flush : When wild cards are used, a wild card becomes whichever card is necessary to complete the straight flush, or the higher of the two cards that can complete an open-ended straight flush. For example, in the hand 10 9 (Wild) 7 6 , it becomes the 8 , and in the hand (Wild) Q J 10 9 , it plays as the K (even though the 8 would also make a straight flush).

: When wild cards are used, a wild card becomes whichever card is necessary to complete the straight flush, or the higher of the two cards that can complete an open-ended straight flush. For example, in the hand , it becomes the , and in the hand , it plays as the (even though the would also make a straight flush). Four of a kind : Between two equal sets of four of a kind (possible in wild card and community card poker games or with multiple or extended decks), the kicker determines the winner.

: Between two equal sets of four of a kind (possible in wild card and community card poker games or with multiple or extended decks), the kicker determines the winner. Big bobtail : A four card straight flush (four cards of the same suit in consecutive order). [3] [5]

: A four card straight flush (four cards of the same suit in consecutive order). Full house

Flush: When wild cards are used, a wild card contained in a flush is considered to be of the highest rank not already present in the hand. For example, in the hand (Wild) 10 8 5 4 , the wild card plays as the A , but in the hand A K (Wild) 9 6, it plays as the Q. (As noted above, if a wild card would complete a straight flush, it will play as the card that would make the highest possible hand.) A variation is the double-ace flush rule, in which a wild card in a flush always plays as an ace, even if one is already present (unless the wild card would complete a straight flush). In such a game, the hand A (Wild) 9 5 2 would defeat A K Q 10 8 (the wild card playing as an imaginary

second A), whereas by the standard rules it would lose (because even with the wild card playing as a K, the latter hand's Q outranks the former's 9).

Flush House

Flush House

Some poker games are played with a deck that has been stripped of certain cards, usually low-ranking ones. For example, the Australian game of Manila uses a 32-card deck in which all cards below the rank of 7 are removed, and Mexican Stud removes the 8s, 9s, and 10s. In both of these games, a flush ranks above a full house, because having fewer cards of each suit available makes full houses more common.

Cats and dogs [edit]

"Cats" (or "tigers") and "dogs" are types of no-pair hands defined by their highest and lowest cards. The remaining three cards are kickers. Dogs and cats rank above straights and below Straight Flush houses. Usually, when cats and dogs are played, they are the only unconventional hands allowed.

Little dog : Seven high, two low (for example, 7-6-4-3-2). It ranks just above a straight, and below a Straight Flush House or any other cat or dog. In standard poker seven high is the lowest hand possible. [6] [2]

: Seven high, two low (for example, 7-6-4-3-2). It ranks just above a straight, and below a Straight Flush House or any other cat or dog. In standard poker seven high is the lowest hand possible.

Big dog : Ace high, nine low (for example, A-K-J-10-9). Ranks above a straight or little dog, and below a Straight Flush House or cat. [6] [2]

: Ace high, nine low (for example, A-K-J-10-9). Ranks above a straight or little dog, and below a Straight Flush House or cat. Little cat (or little tiger): Eight high, three low. Ranks above a straight or any dog, but below a Straight Flush House or big cat. [6] [2]

(or): Eight high, three low. Ranks above a straight or any dog, but below a Straight Flush House or big cat. Big cat (or big tiger): King high, eight low. It ranks just below a Straight Flush House, and above a straight or any other cat or dog.[6][2]

Some play that dog or cat flushes beat a straight flush, under the reasoning that a plain dog or cat beats a plain straight. This makes the big cat flush the highest hand in the game.[5]

Kilters [edit]

A Kilter, also called Kelter, is a generic term for a number of different non-standard hands.

Depending on house rules, a Kilter may be a Skeet, a Little Cat, a Skip Straight, or some variation of one of these hands.[5] According to Paul Anthony Jones, it can simply mean a hand of little value.[6] According to Penn Jillette and Mickey D. Lynn, a Kelter is "a nonstandard hand given value in home games." [3]

Senadora australiana Fatima Payman deja el Partido Laborista y se une a los independientes por discrepancias sobre Palestina

La senadora australiana Fatima Payman ha renunciado al Partido Laborista, pero seguirá en el Senado como independiente, lo que representa una ruptura importante con el gobierno de Albanese sobre el tema de Palestina.

Payman, quien ya había sido suspendida indefinidamente del caucus parlamentario federal del Partido Laborista, anunció el jueves que había renunciado al partido.

Payman describió "la actual matanza en Gaza" como una tragedia de "proporciones inconcebibles" que obliga a todos a actuar con "un sentido de urgencia y claridad moral".

"Todos hemos visto las imágenes ensangrentadas de niños pequeños perdiendo miembros, siendo amputados sin anestesia y muriendo de hambre mientras Israel continúa su ofensiva, transmitida en vivo en todo el mundo", dijo Payman.

"Con el corazón pesado pero una conciencia clara, anuncio mi renuncia al Partido Laborista Australiano. He informado al primer ministro que, a partir de este momento, me sentaré en la banca independiente para representar a Australia Occidental".

Payman dijo que esta fue "la decisión más difícil" de su vida y se sintió "en una posición muy difícil".

Añadió que había informado al primer ministro, Anthony Albanese, y a otros colegas en múltiples ocasiones que "no puedo comprometerme en este asunto".

Payman dijo que había intentado abordar las preocupaciones a través de los procesos internos del partido y en conversaciones con Albanese y ministros senior, pero sintió que las decisiones ya estaban "hechas" cuando llegaban a las reuniones del caucus para su aprobación formal.

La senadora de 29 años fue elegida para el Senado en 2024 para un mandato de seis años representando a Australia Occidental.

No hay una regla que impida que un senador electo renuncie a su partido y permanezca en el Senado, pero el Partido Laborista ha insistido en que Payman está en la cámara alta solo porque era una candidata del ALP.

Cuando se le preguntó si estaba yendo en contra de los deseos de los votantes, Payman dijo que
