### Lucky 8 Slots

The number 8 was considered the luckiest number of all in Ancient China – and now you can see whether that's true or not in "Lucky 8" the slot game from Real Time Gaming. Your services are required by a rich merchant whose daughter has been kidnapped by an evil emperor, and you must kill the emperor and his warriors before escaping along the Great Wall of China. You'll be well-rewarded for achieving all those feats and for any treasure you happen to find along the way. You may also benefit from meeting the Wild Emperor and finding the Scattered Lucky 8 on your travels, whilst there are also a Free Games feature, Win-Win Feature, and Minor and Major Progressive jackpots to look forward to.

As spin-stakes start from as little as 0.01

coins – this is also an adventure to Ancient China that all slot players can't afford to miss!

### The Empire

There are many typical treasures of Ancient China to be found on this 5 x 3 reel grid that offer players the chance to enjoy up to 25 pay-lines, and these include beautiful jade dragons and Ming Vases – but these are just a few of the many rewards that could come your way on this adventure!

### Merchant's Money

#### The Merchant

will reward you on every step of your journey including up to 288 coins for finding Ming Vases or Jade Dragons, and the same amount for killing the evil Emperor's warriors who will try and stop you rescuing the Merchant's Daughter – though don't give up as this is worth up to 888 coins.

Once you've rescued her you may feel the wrath of the Wild Emperor who will leave no symbol unturned as he tries to stop you. The great news is that as he turns these symbols over he may help you by creating more winning pay-lines. Prize-lines containing one or more Wild Emperors will also be multiplied by 2x, 3x or 8x. If you're also lucky enough to find the Scattered Lucky 8 symbols your luck may well change for the better in 2 ways.

Firstly you may be awarded instant wins

of up to 88x your total-bet, whilst 3-5 lucky 8's will also trigger the Free Games Feature of 8 Free Games. Once awarded the Free Games Feature you will also be asked to bang a gong to reveal the Bonus Multiplier which will either be 2x, 3x, 5x, or 8x. If you're playing all 25-lines and your Feature win is less than 8 times the triggering

bet you will also trigger the Win-Win Feature in which you can add to your winnings with up to 88x the triggering bet. After any spin you may also be rewarded with a Minor or Major Progressive Jackpot (respectively R\$854 and R\$4,679 at the time of writing).

Lucky 8 Slot for Real Money

This game is available for real money play at a

huge number of online casinos based in the United States. Deposits start at R\$20 with most sites accepting players of all stakes high and low. The best of these are Slotastic and Slotocash. You can read reviews of these casinos here and here.

High

Stakes

The life (or at least the purity) of the Merchant's Daughter is at stake – but you can choose the spin-stake you want to use to rescue her. Play 1 to 25 lines on all spin, then stake each line with matching bets from 0.01 coins up to 0.25 coins.
